Customised Solutions

Bay 2 Bay Scaffolding can also supply fascia, gutter, metal roofs and roof tiles which means we can provide a turn key roofing solution which can take the worry out of the job.

With Bay 2 Bay being able to supply everything, this means you could potentially save thousands on over hire fees that some of the other height safety companies are currently charging you.

Industrial Guard Rail Solution

Our Mission

Our mission is to provide height safety systems for domestic and commercial projects that deliver scaffolding solutions that meet our customers needs.

Our Vision

Our vision is to be leaders in height safety and perform for our customers the highest level of quality scaffolding at competitive prices. To maintain the highest levels of professionalism, integrity, honesty and fairness.

Our Core Values

- Safety
- Customer Service
- Quality
- High Performing People
- Integrity

“Customer satisfaction guaranteed, we will work with you every step of the way.”

Safety Solutions

To ensure that we provide the right solution we work closely with the customer and provide a customised solution that protects every worker on site to deliver the right results.

Site Inspections

At Bay 2 Bay we will conduct site inspections to ensure that we deliver the right solution for the more complex constructions.
